

Dear:

Thank you for accepting my invitation to perform at the upcoming "Mississippi Night" on January 28, 2010, at the new Grammy Museum in Los Angeles, CA.

Deleted: ,

We are proud of our fellow Mississippians' contributions to the music industry and the worldwide recognition their accomplishments bring to our state. The event on January 28th will honor the talents of all those Mississippians who have won or been nominated for the prestigious Grammy Award. This event will also educate national and international music audiences of the many contributions Mississippians have made to the music and film industry, which in and of itself promises a truly special evening. Your willingness to perform will make it a spectacular event.
